A great deal of loose tobacco has been coming in this week in wagons, and our factories are busy. We hear that prices range from six to eight cents according to quality.

Too much praise cannot be given to the officers of the Farmer's Exposition in their efforts to make it a grand success. They have labored faithfully and performed their whole duty.

THE Anchor Mill has been doing a larger amount of custom grinding this season than usual. It is a great convenience to the country people and we are glad to see that it is kept busy.

THE steamer B. S. Rhea passed up Thursday morning for Nashville, and is expected down Saturday morning for Cairo. We may now look for lively times on the river.

The recent rise in the river has enabled the steamers that were waiting at the mouth of the river, to reach Nashville. The B. S. Rhea is looked for on her way to Cairo Saturday morning.

Don't forget the dinner and supper to be given by the ladies of the Methodist church, commencing Monday at the Opera House, and lasting three days. They will have many attractions for sale. Go and see them.

THE Murphy temperance revival, started at Pittsburg two weeks ago, is growing rapidly, 6,000 having already joined the blue-ribbon army. At the meeting Sunday night nearly 7,000 persons were present, and 1,000 signed the pledge.

The Farmer's and Merchant's National Bank.

We dropped into the Farmer's and Merchant's National Bank Wednesday and were shown through the new building by the polite and genial cashier, Mr. Jno. W. Faxon. The building externally is a very neat structure, pleasing in its architectural design and suggestive of the purpose for which it is used. It adds greatly to the general appearance of the locality in which it has been erected.

The internal arrangements are every way admirable. Their construction, we suppose, was directed by the officers of the bank and are consequently just suited to their tastes and purposes. As the building occupies a corner lot the supply of light is very liberal and the windows are arranged as to throw it in the manner and place desired. The vault is security itself; it is built on a solid brick foundation and looks very much like a place where thieves do not break through and steal. At any rate it is as safe a receptacle for treasures as one is likely to find on this side of the Jordan.

While an eye to utility was very active in the inner construction of this bank the ornamental was not neglected. The counters, railings, etc., are very handsome and tastefully arranged. The wood work about the building was furnished by Messrs. G. B. Wilson & Co., of the Sewanee planing mill, and is of the first quality.

The Farmer's and Merchant's Bank starts out under bright auspices. The officers are all popular gentlemen of tried and proven business capacity, its capital is ample and there is a fine field open for its financial operations. There is every reason to pronounce it a success and to prophesy that it will meet with a high degree of prosperity.

Bad Sidewalks.

We have repeatedly called the attention of the authorities to the bad condition of some of the plank sidewalks about the city, and in some instances, the planks complained of have been repaired with out delay. But the general condition of these walks is still bad, very bad, and it is really an urgent matter that they receive prompt attention. This is particularly true of the less frequented streets which are in some places really dangerous to pedestrians after nightfall. These walks are all used by children attending school, and now that winter is here some children are compelled to wade through mud to reach the school building.

Where the law compelling property owners to repair sidewalks can not be promptly enforced, the city should take the matter in hand, repair the walks and make the money out of the property. The city should not compel the public to suffer for the negligence of property owners. Then, too, those property owners who do not put down good sidewalks deserve that their shiftness neighbors be made to do the same thing.

We said above that bad walks were most to be found on the less frequented streets, but the principal streets are not exempt from complaint. We hope the authorities will give the matter prompt attention.

Mr. Ed. C. Campbell.

We find the following in a recent number of the Florida Herald, an influential daily paper published at Jacksonville. We are glad to know that the whilom editor of the CHRONICLE is sustaining himself so well in his new fields. The Herald says: During the stirring and heated political campaign just closed, the editor of the Herald, called from his journalistic duties to the service of the State and party in other and more active fields, left his desk and responded to the call of duty to the full measure of whatever zeal and capacity he possessed. The editorial chair of the Herald was filled meanwhile by Mr. Ed. C. Campbell, of staff, who, entitled to all the credit of the bold, vigorous and manly course that the paper maintained as a Democratic champion during the three months that closed the fourth of November in this connection, and in fair tribute to Mr. Campbell, we may be pardoned for saying that the Herald has no regrets to cherish in its conduct of the campaign.

THE Tobacco Exchange in Clarksville will give a grand ball New Year's night. This building is one of the handsome buildings of the State.

The above paragraph from the Nashville American is a little mixture. The ball is to be given in the Exchange building but not by the sober and dignified members of the Tobacco Board. As stated, the Exchange is one of the handsome buildings in the State, and it has a commodious hall in the fourth story which the festive young folks are fond of using for dancing purposes. The forthcoming ball on New Year's night will be under such auspices. This is an assurance. As we have before remarked, that it will be gay, elegant and recherche, and altogether a very delightful affair.

ABOUT the worst anachronism that has ever come under our observation occurred at the Opera House Tuesday night. Miss Zola Seguin, who appeared in the role of Nell Gwynne, a noted actress of the time of Charles II, exclaimed on the stage, "And the Orange Girl, O Where Was She?" which is a slangy paraphrase of a line from one of Mrs. Hemans's well known poems. In fact, all of the actors seemed to think it nothing amiss to interpolate the latest slang phrases into their lines. This probably popularized the opera which they were presenting, that is, placed it on the peasant gallery level, but it destroyed the really comic features of the piece and disgusted the more intelligent.

A double wedding took place at McAdow church in this county, Monday. Mr. J. P. Smith was married to Miss M. H. Hensley and Mr. F. H. Rudolph, to Miss G. L. Hensley. The brides are sisters and the daughters of our old friend C. T. Hensley. We wish them much happiness.

The Julian Grey will begin making two trips per week to Rock Castle, and one to Ashland, next week.

Mr. Willie Fitts, of this city, has been given a position with Castner, Gates & Co., of Louisville, and will leave for that city in a few days. Mr. Fitts is a very excellent young man and has many friends here who will regret his leaving Clarksville. He carries with him the best wishes of the CHRONICLE.

Miss Tommie Stell, one of the most accomplished, intelligent and beautiful belles of the Lone Star State, who has been the guest of Miss Eunice Wilson, in New Providence, for several weeks, returned home via New Orleans, this week. We know of several young men who are disconsolate at her departure, and say they are going West on a prospecting trip soon. Come again, Miss Tommie.

Prof. Rust, of Hopkinsville, so long and favorably known to the people of Clarksville, spent Tuesday and Wednesday in the city, the guest of Mr. J. J. Garrott. He took in the seed-show, the public school and the town generally, especially the CHRONICLE office, which he never fails to do. When asked about Bethel Female College he replied: "Doing well; have had a pleasant session. Will close on the 16th of January and open the spring session on the Monday following. Hope that my old friends in Montgomery may not forget our school." We will add that if any of our young ladies leave Clarksville they could not go to a better school.

THE cold wave which we spoke of last week was a little delayed in reaching this point, but we hope none of our readers were discommoded on account of its tardiness. It got here in ample time to answer all necessary purposes and was certainly cold enough when it came. The mercury was only 9° above zero Thursday morning. That ought to satisfy any reasonable man in this attitude. If there is any one not entirely pleased with this wave and would like one a little colder, we recommend that he immigrate to Spitzbergen, or go on an arctic expedition. We don't think his taste in this regard is entirely congenial with that of the general public, and if he were accommodated with the kind of wave he wants other people would be disposed to grumble.

THE case of the State vs. Wm. Chas. and Ransom Morrow for the murder of Dick Overton, col., was taken up Thursday morning. The following are the names of the jury-men: Aquilla Harris, J. R. Sifton, Hervey Whitfield, J. W. Trigg, A. W. Bryan, J. L. W. Power, Robert Bigbee, J. T. Hancock, W. L. Macon, H. B. Davis, D. C. Grant, G. F. Herring.

Mr. Ed. B. Whitfield, contracting agent for the Nashville, Paducah and Cairo Mail Line and Nashville and Evansville Packet company, says the CHRONICLE was wrong in its statement that the incline being built from the river to Kendrick, Pettus & Co.'s warehouse will save drayage to that firm. He informs us that the same drayage is paid on consignments to Kendrick, Pettus & Co., as to any other warehouse and any benefit to be derived from this incline, results to the agent of the steamboats, and not to the shipper or receiver.

Mr. John Hurst, on behalf of the ladies of the Baptist church, sent a nice lunch to the CHRONICLE office Wednesday. If it was a fair sample of the edibles that the ladies placed before their customers at their lunch room, we are prepared to say that every man who patronized them got more than the worth of his money. Mrs. Hurst in particular, and the Baptist ladies in general, have our thanks for their kind remembrance.

Messrs. Jackson & Moore purchased the two premium cows exhibited at the fat stock show by Capt. F. P. Gracey, and will have them at the market Tuesday morning. The prices were 7c. and 7.10c. gross. This is a fine opportunity to secure good beef for Christmas. These gentlemen will not come into the market again until after New Year's.

A DRAMATIC company from Nashville, composed of some of the best young people, will give a matinee and night performance at Elder's Opera House on Christmas day. Miss Kitty Chestnut, well known to most of our people will be one of the principal actresses.

Farmers Association.

All members of the Executive Committee and other officers of the Farmers' Association, are requested to meet at the Court House, on Monday, Dec. 22, for the purpose of closing up all business of the late Exposition. All claims not paid previous to that time should then be presented. By order of the managers, G. H. SLAUGHTER, Ch'mn. Executive Committee.

Mr. W. J. McCormack received a fall several days before the exposition which disabled him for a while, and he was consequently prevented from making the fine exhibit that he had intended.

THE entire exhibit of agricultural products, ores, etc., displayed at the Court House this week was shipped to New Orleans.

A Southern Bicycle Tournament will be given in Memphis during the spring months in that city. Wheelmen who would like to participate, or any person desiring further information on the subject, should at once address W. L. Surridge, Secretary Memphis Bicycle club, Memphis, Tenn.

THE cold snap has ended the tobacco season for the present.

Best white sugar in Mattill's candy.

Clarksville Tobacco Market.

OFFICE OF THE CHRONICLE.

The rainy spell gave an added increase to our receipts, and the breaks this week were quite a relief to the Board. The attendance at the Board was large, and the brokers seemed well supplied with orders. The market was active, though at a slight drop in rates of prices for all grades except full fat tobacco. New York has made full reduction in quotations for new and old tobacco, and we are glad to see Louisville also seems on the down grade. We quote:

Good Leaf.	8 00 to 8 75
